THALES
Building a future we can all trust

Newsletter #1. January 2021

TheSophieClub.com

We wish you and your beloved ones a happy new year !

Welcome to the first Thales Soldier Optronics Newsletter

André Raymond
Sales & Marketing Manager

Despite the covid situation, we are still very eager to showcase our latest products, listen to your feedback and share our vision of the warfighter of tomorrow. In the meantime this newsletter will be sent regularly to continue/engage the conversation between you - our customers, users, prospects, partners - and us. On the website dedicated to our Sophie events members, this newsletter will give you new perspectives, raise questions, address operational issues, keeping you up to date regarding our latest air-land battlefield solutions.

We hope you will enjoy this monthly meeting to e-xperience the Future of Perception!

Beyond vision: Thales Augmented Soldier

Optronics technologies have disruptive potential in every conflict situation. As the age of collaborative combat dawns, they join the dots between perception and action, enhancing the situational awareness of front-line personnel and keeping assets securely connected even in the most hostile environments.

This newsletter will introduce Thales game changer solutions for the soldier, to move from vision to Perception.
